NOTES

1. BTC / Gold / Silver valuations. Marked to market using spot prices on the reporting date. Any gain or loss versus original acquisition cost is unrealized until the assets are sold.

2. Client Funds. Recorded as a liability — deposits owed back to clients. Backed 1:1 by reserve assets above.

3. Accounts Payable. Short-term obligations for goods and services received but not yet paid (e.g., outstanding vendor invoices, hosting bills, professional fees). Settled in the ordinary course of business.

4. Interest Paid to Clients. Total interest credited to client savings accounts. APYs are tier-based per the Interest Rate Tiers table above; interest compounds daily and is credited to client balances at the end of each day.

5. Donations Paid Out. Charitable contributions made by Gandhi Financials to outside causes.
